

The bank of China to the United States investors dollar bonds

The bank of China has announced to the global fund managers to promote its meet the requirements of Basel III \$3 billion of bonds, which makes it become the first issue dollar bonds directly to the American investors bank in mainland China.

Preliminary pricing, bond yields more than 300 basis points higher than that of us treasuries. The 10-year bond would also conforms to the regulatory standards for investors in Europe and Asia, this makes the issuance of the first by a Chinese bank within the territory of the main institutions (and cockiness branch) real global bond issue.
