Tom Hanks son into rehab himself the happiest confinement

According to Taiwan "news" reported, Oscar winner Tom Hanks (Tom Hanks) is a well-known Hollywood of the one who tries not to offend anybody, he has recommended to son Colin Hanks (Colin Hanks) film, hoping to help his career a helping hand. But Colin has recently for drug rehab, also wrote a mood of confession.

The 19 day, Colin Hanks wrote a confession on social networking sites, said "I started from 16 years old in the abuse of entanglement." And said, 50 days with a belt ring beam confinement of life, he is recently the most happy time, he was very grateful to family and community support, "I am learning to accept my mistakes, and a good man, if anyone has seen me full of struggles with this article, you are welcome to share out thank you for all the love and support!"

It is reported that Colin Hanks has been in the "Dexter" (Dexter) as a cold-blooded killer acting angle, to great acclaim, originally very promising, but he already has several years of drug abuse problems, parents are trying their best to rescue the son of the future.
