

FAG 567918B bearing Automotive Bearing

FAG auto wheel hub bearing specifications

Brand FAG

Item No. 567918B

Also known as BAHB63352F

Category Angular Contact Ball Bearing Double Row

Inner(d)mm 35

Outer (D) mm 68

Width (B) mm 37

Weight (kg) 0.58

Manufacturer Part Number (MPN) 567918B

Bore C - Cylindrical Bore

Cage type S - Steel or Standard Cage

External Modification No Pairing

Seal 2RS- Rubber seal on two sides

Radial Internal Play Cn Normal Internal

Precision Standard Precision

Lubrication Standard Lubrication

Heat Stabilization No Heat Stabilization - Temperatures up to 120°C

Split Innering / Outerring Split Innerring
